INSURANCE CO.

Branch Office, 25 and 26 Bryan Bl'k,

CHICAGO, ILL.

Purely Mutual, Equitable, Progressive and Secure. Twenty-seven years of Business Experience.

Assets, - $21,000,000!

Safely invested and rapidly increasing

Within the last quarter of a century the business of this Company has embraced the acceptance of over ninety thousand men as members, the receipt of over $33,000,000 in premiums, the payment of nearly $8,500,000 in losses to the representatives of deceased members, and dividends actually returned (not promised) amounting to over $6,000,000 to the assured. At the same time the assets have accumulated and offer absolute security. The present business of the Company is represented in the receipt of ten thousand applications for Policies per annum, and an annual income of over $7,000,000.

All desirable forms of Insurance are granted on the most practical plans, embodying the well-known non-forfeiture feature originated by this Company in 1860.

In addition to the above a new feature has recently been introduced by this company, called the "Tontine Investment System," which combines the advantages of the Tontine Annuity and Life Insurance. Upon this new plan it is confidently expected that the dividends will far exceed those now declared by any other Company.

Further particulars in regard to this and all other plans of Insurance will be cheerfully furnished upon application to

THE TEMPERANCE LAW.

Interesting Decision by Judge Tree.

An interesting case under the Illinois Liquor law came up at noon to-day, in the Circuit Court, before Judge Tree, the leading points of which are as follows

The declaration filed in the case affirms that some time in August last one Martin Myers purchased liquor of a saloon-keeper in the city named Frederick Mack, drank the same and died from its effects. Now the widow of the deceased, Lizzie Myers, brings suit against the saloon-keeper and the owner of the building in which the saloon was kept, to recover damages for the "loss" (?) of her husband, claiming that by their action she has been deprived of her only means of support. The owner of the building is Geo. P. Bay, and he and Mack, the saloon-keeper, are sued jointly, the plaintiff claiming $10,000 damages. The suit is brought under the fifth section of the Temperance law, which purports to hold the liquor vender and the landlord responsible for the consequences of the traffic. A demurrer to the declaration was presented, and thus the matter came before the court for a decision. Judge Tree delivered quite a lengthy opinion, to the effect that the declaration was defective, at least so far as it relates to the owner of the saloon building. The second section of the Temperance law specifies the kinds of persons to whom liquors shall not be sold—minors and persons who are intoxicated. Under the laws of the city and State, liquor selling was a legal traffic so long as it was conducted in accordance with the legal regulations and restrictions thrown around it. The owner of a building had a perfect right to let his premises for a saloon under the supposition that the business would be carried on in a lawful manner. The declaration in this case failed to show that the liquor was sold to a person belonging to either class interdicted by the second section of the law, but simply averred that it was bought and drank by the man named. In this the declaration was partly erroneous, hence the demurrer was sustained.—*Chi. Jour.*

THE QUAIL.

The quail iz a game bird, about one size bigger than the robbin, and so sudden that they hum when they fly.

They hav no song, but whissell for music, the tune iz solitary and sad.

They are shot on the wing, and a man may be good in arithmetik, fust rate at parseing, and even be able tew preach acceptably, but if he hadn't studdied quail on the wing, he might az well shoot at a streak ov lightning in the sky az at a quail on the go.

Briled quail, properly supported with jellies, toast, and a champaign Charlie, iz just the most diffikult thing, in my humble opinyon, to beat in the whole history of vittles and sumthing to drink.

I am no gourmand, for i kan eat bread and milk five days out of seven, and smak mi lips after i git thru, but if i am asked to eat briled quail by a friend, with judishious accompanyments, i blush at fust, then bow mi head, and then smile sweet acquiescence—in other words i always quail before such a request.

JOSH. BILLINGS

AN experiment of much importance to the medical profession, and which, if it had been successful, would also have been of importance to the general public, was last Monday tried by a number of prominent surgeons of this city. Between three and four ounces of blood were taken from a healthy man and transferred into the veins of a patient in the County Hospital, who had lost all his own by hemorrhage, in the hope of saving his life. He rallied slightly, under the influence of this blood, but the experiment was made too late, and he shortly afterwards died. The success that has attended experiments in the transfusion of blood, made upon animals, has led medical men to believe that it might also be adopted as a means of saving human life. The failure of the experiment mentioned does not necessarily prove that the idea may not yet result in bringing success.—*Chicago Journal.*

THE editor of a newspaper in one of the western States, while recently traveling, had his wallet abstracted by an adroit pick-pocket, while indulging in a short nap. The thief was so disgusted with the result of his exploits, that he returned the plunder by express to the address written inside the wallet, with the following note

"You miserable skunk heus your pocket-book I don't keep no sich Fur a man drest as well as you to go round with a wallet with nothin' in it but a lot of newspaper scraps, a ivry tuth come, two newspaper stamps and a pass from a rale rode directur, is a contemtibul impursission on the public As I heare you're an editur I return you're trash."

THE men at the head of the leading dailies of New York are all young—Whitelaw Reid, of the *Tribune*, James Gordon Bennett, of the *Herald*, Louis J. Jennings, of the *Times*, and Manton Marble, of the *World*. Not one of them is forty, and one or two are several years less than that.

LIBRARY GIFT CONCERT!

A Full Drawing Certain

$500,000 in Bank to pay Gifts.

10,000 Cash Gifts paid in Full.

$100,000 for only Ten Dollars.

ENOUGH of the 100,000 tickets issued for the THIRD GRAND GIFT CONCERT, in aid of the Public Library of Kentucky, having been sold to insure a full drawing, and the wish having been universally expressed that the 10,000 cash gifts offered should be drawn in full and paid in full without any scaling down, as heretofore, the management, with the concurrence of the trustees, have determined to allow ninety days more for the sale of the remnant of tickets left on hand. The concert and distribution advertised for April 8, is therefore postponed to Tuesday, July 8, 1873, on which day, and no other, they will positively and unequivocally take place in Public Library Hall, Louisville, Ky.

At this grand concert the following cash gifts will be distributed by lot and paid in full to the ticket holders who draw them

LIST OF GIFTS.

One Grand Cash Gift		$100,000
One Grand Cash Gift		50,000
One Grand Cash Gift		25,000
One Grand Cash Gift		20,000
One Grand Cash Gift		10,000
One Grand Cash Gift		5,000

50 Cash Gifts of	500 each	25,000
80 Cash Gifts of	400 each	32,000
100 Cash Gifts of	100 each	10,000
150 Cash Gifts of	200 each	30,000
590 Cash Gifts of	100 each	59,000
9,000 Cash Gifts of	10 each	90,000

Total, 10,000 gifts, all cash $500,000

The money to pay all these gifts in full is now upon deposit in the Farmers' and Drovers' Bank of Louisville, and set aside for that purpose, and can only be used for that purpose, as will be seen by the following certificate of the Cashier:

OFFICE OF FARMERS' AND DROVERS' BANK, LOUISVILLE, KY., April 7, 1873.

This is to certify that there is in the Farmers' and Drovers' Bank, to the credit of the Third Grand Gift Concert, for the benefit of the Public Library of Kentucky, five hundred thousand dollars, which has been set apart by the managers to pay the gifts in full, and will be held by the bank and paid out for this purpose, and this purpose only

R. S. VEECH, Cashier

The party, therefore, who holds the ticket drawing the capital gift will get $100,000 in greenbacks, and so of the $50,000 gift, the $25,000, the $20,000, the $10,000, the $5,000, and all the other gifts, 10,000 in number, amounting to $500,000.

The remnant of unsold tickets will be furnished to those who first apply (order accompanied by the money always having preference over agents) at the following prices: Whole tickets, $10; halves, $5; quarters, $2.50; 11 whole tickets for $100; 58 for $500; 113 for $1,000; and 575 for $5,000. No discount on less than $100 worth of tickets at a time.

The concert and distribution of gifts will begin at 6 o'clock on Tuesday morning, July 8, in Public Library Hall, and the following will be the order of proceedings: 1st. Music by orchestral band. 2d. Placing of tags (one for each ticket sold) in large wheel. 3d. Placing of gifts in small wheel. 4th. Music by orchestral band. 5th. Explanatory remarks by President. 6th. Drawing of first half of gifts. 7th. Music by orchestral band. 8th. Drawing of last half of gifts. 9th. Placing of large wheel with tag in hands of committee appointed by audience. 10th. Grand orchestral concert.

The music on this grand occasion will be the best that can be procured, and the gentlemen who count and place the tags and gifts in the wheels and superintend the drawing and keep the record of the lucky numbers will be chosen from the best known and most trustworthy citizens of the State. All will be so conducted as to be a perfect guaranty against complaint from any source.

The payment of gifts will begin ... day, July 12, at 9 o'clock a. m. Tickets drawing gifts must be presented at ... Room No. 4, Public Library building, where cash checks upon the Farmers and Drovers' Bank of Louisville, or sight drafts upon the Fourth National Bank of New York at the option of the holder, will be given for the tickets. All gifts not called for in six months from the drawing will be turned over to the Library fund.

For full particulars send for circulars.

DECATUR, ILLINOIS:

Monday Evening, June 16.

INTERNAL REVENUE receipts on Friday were, $312,924, making a grand total for the fiscal year to date of $10,077,955, or nearly $78,000 in excess of the estimates; total receipts this month $4,067,732, and it is believed there will be collected during the remainder of the month about $4,500,000 more.

The principal railroads of this State, it is reported, are preparing to observe the new railroad law of the State, which goes into operttion on the first day of July. Contracts for freight are not made to extend beyond that time. The Burlington Hawkeye thinks that freights of Iowa shippers will do materially raised, and that the law will cost Iowa a million dollars in the next twelve months.

RELATIVE to earnings, the census of 1870 discloses the fact that the average annual earnings of the people of the United States do not exceed $300. Of the employed classes, the average annual earnings and wages is $1,000; of those who receive salaries, the average is $1,500, and in the learned profession, the annual average is $2,500. This census is said to demonstrate that the people of the United States make more money per capita than the people of any other country.

NOT SINCERE.

Several journals are still blowing about the resort of Grant to Long Branch during the summer heat. They make invidious comparisons, in this respect, between the customs of former presidents, from Washington down, and those of Grant. These strictures are not honest. They make no allowance for the difference in the amount of official business to which the attention of the President is necessarily called, and that of former times—not considering that more is now done in Washington in a single month than formerly in the whole year.

It is but common sense that the greater amount of mental wear and fatigue the more imperative the necessity for relaxation. But when, as General or as President, was Grant ever found unprepared to meet the calls of duty, or the emergency of circumstances? Was ever, in fact, any man, in similar positions, found more ready and prompt in plan or in execution? Scipio said he was never less alone than when alone; so, with an undemonstrative man like Grant—he is frequently less idle when appearing to be idle than at any other time.

But when the difference in the means of travelling and of communication is taken into consideration, these croakings become contemptible. There are people now living who can remember when it took two weeks to carry the mail from Boston to Philadelphia; and if, in early times, the President happened to be on a journey of any length, it took a week to communicate with him. Now communication can be established with the President and a consultation held at any hour, day or night; and, if necessary, the President can be in Washington at almost any hour.—Practically, Grant is not as far from Washington at Long Branch, as Washington was at Mount Vernon.—*Bloomington Leader.*

...The Bender family has multiplied wonderfully since the discovery of their murderous work. If we are to believe all that is reported in the papers, there have been enough of them caught to start a colony, and as many more are shadowed by detectives.

...A Clinton clergyman startled his flock on Sunday evening by telling them that "Hell was not so full of men and women as men and women were full of hell."

...The annual sale of lands and town lots, for the taxes of 1872, takes place to-day, and is exciting considerable interest among dealers in real estate.

...At this season when green vegetables are in the market, people are very liable to sudden attacks of sickness, such as cholera-morbus, flux, and the like. At such times we should exercise great caution, both as to clothing and diet.

...Things have taken an unfavorable turn—as the old lady said when she upset her basket of eggs.

...Young Bickes is lying very low at his father's house. He is not expected to live through the day.

...Mr. Arthur Kinney was taken suddenly sick yesterday with billious intermittent fever. Though very sick, it is hoped his condition is not critical.

Arrested for Bigamy.—Officer Lew. Cluxton, of Vandalia, Ill., left here on Saturday evening on the 6 o'clock train for Vandalia, in charge of one John C. Crane, who is charged with the crime of bigamy, he having two wives in Southern Illinois. Crane had been stopping in this city some ten days. Verily, the way of the transgressor is hard.

THE FARMERS IN COUNCIL.

The Macon County Farmers' Club met in the court house at 1 o'clock, P. M., June 14th, J. H. Pickrel, Esq., of Harristown, in the chair; Reed Spencer, Esq., of Oakley Secretary.

After the reading of the minutes of the last meeting the following business was transacted:

Mr. Hamilton, of Wheatland, offered the following resolution, which was adopted.

Resolved, That the Farmers Associations in the country have a meeting as soon as possible to appoint committees to arrange to celebrate the fourth of July.

The following was offered and adopted:

Resolved, That the President of each Township Club be instructed to procure statistics of the growing crops and report to the County Society by the second Saturday of September next; also of live stock.

A resolution relative to the manufacture of starch from corn, was offered and laid upon the table.

Some bills were presented and allowed.

The following was offered and adopted:

Resolved, By the Farmers and Laborers' Association of Macon County, that farmers have the same right to set prices on their products as the manufacturer and other business men have to fix the price on their property when offered for sale, and that we believe it to be the interest of the producers of the Northwest to unite, and fix from time to time the minimum rates for their produce, in order to protect themselves so far as may be against the extortions so persistently forced upon us.

The following resolution was offered by Mr. Hornbarger, of Macon, and adopted;

WHEREAS, Demand has been made upon the Supervisors of Macon county, by the President of the Indiana & Illinois Central Railway Company, requesting said Supervisors to issue bonds to said company of one hundred thousand dollars; and

WHEREAS, Said road has not been completed according to law; and

WHEREAS, The vote authorizing said bonds was illegal, therefore, be it

Resolved, That the Supervisors of Macon county be and are hereby requested not to issue said bonds to said road, and we would further request that no bonds be issued to any railroad company hereafter.

A resolution of thanks to the *Tribune* and *Local Review* for the fidelity with which they had advocated the Farmers' cause, was offered and passed.

Voted to adjourn.

Hydrophobia.—Look out for mad dogs! Several instances have occurred within the past few days in which dogs exhibited almost unmistakable signs of hydrophobia, and were killed by their owners in consequence. If your dog betrays any unnatural symptoms either chain him up or dispatch him at once.

Cholera.—There are still a number of alleys and other byways about the city which ought to be cleaned at once. It is altogether probable that the whole country will receive a visitation of the cholera this summer, and it behooves us to so prepare ourselves as to mitigate its horrors as much as possible. Cleanliness of body and surroundings, light and wholesome diet, and freedom from excitement are the best preventives yet discovered.

Personal.—Mr. Oliver Scott, contracting agent for John Robinson's Great World's Exposition, called at our office this morning. He is billing the town today. He is a gentleman of snap and vim, and represents one of the biggest and best shows in the country.

Tommy Shoaff is in town to-day as smiling and vigorous as ever. Tommy is a bully boy, and we are always glad to see him.

New York Hair Store.—I wish to say to the public that, owing to the loss of my health I am compelled to close business, and therefore now offer my new and well-selected stock of Hair Goods at greatly reduced prices. Please call and examine for yourselves. E. E. SHELTON,

WASHINGTON, June 15.—The secretary of the navy does not hesitate to say in advance of his official report that testimony elicited shows that Captain Hall died a natural death, and that the separation of those on the ice floe from Polaris was accidental. He is desirous, however, of hearing the story of Capt. Buddington and his party, that both sides may be fully known.

WASHINGTON, June 15.—In connection with the discovery of the sales of valuable public documents to second-hand dealers, two cases have just come to light. In the first a Senator was applied to by a vender of oil paintings to purchase a landscape for $200. The artist finally offered to exchange for documents then due the Senator, and the sale was made on these terms. The artist then received nearly all books due for the last Congress, and sold them to a second-hand dealer. The other case was that of a Senator whose term expired with the last session. He traded all books due (100) for two years for a single rare volume in the hands of a second hand dealer.

MEMPHIS, June 15.—There were twenty one interments to-day, against twelve yesterday. Physicians say the number of cholera patients are increasing, but the disease yields more readily to treatment than during the past week.

NEW YORK, June 14.—The Apollo Hall Democratic General Committee made a dash at Mayor Havemeyer and his disfranchisement of adopted citizens in the following way last evening:

"Under the specious cry of 'reform' we find the dead and buried carcass of Know-Nothingism revived; fanaticism and bigotry that would have shocked the sensitive natures of the witch-burners of a century ago publicly exhibited and proclaimed, and, under the action and appointments of the Mayor, the almost absolute disfranchisement of adopted citizens of every race and faith."

General Sherman had a conversation with a reporter last evening, and is made to say of General Jeff C. Davis, concerning his indictment of Captain Jack and his associates: "If the statement is correct there is no doubt that General Davis must have exceeded his duty, and he will be held responsible for his acts. He should be guided by military rules and the law. We all know they are murderers. The President himself says they are murderers, and had General Davis shot them while they were being pursued I do not think that he would have exceeded his duty. He did not do this, and could not afterwards shoot them in cold blood. General Davis' report to General Schofield, General Sherman said, may differ from that published in the papers. Davis is too experienced an officer to do anything that would bring odium upon the army or lay himself open to a military court-martial for exceeding his duty as an officer." The General thinks there will be no difficulty about disposing of the Modocs who are under arrest. Those found guilty of murder will be hanged or shot, and if it is proved that there was an agreement for a general uprising among the tribes, others will receive some punishment as a warning to Indians. He remarked, however, that it was a pity that the guilty Modocs were not shot at first, and then all this Commission business and expense would have been avoided. As to the killing, already, of a few prisoners, General Sherman says that those who committed the deed are "low blackguards" and murderers, who had nothing whatever to do with the army.

Horton's swindling operations are said to amount, in the aggregate, to $75,000. Merchants and bankers interested have intrusted the case to a private detective agency.

About a dozen gentlemen representing the principal commercial interests, such as groceries, dry goods, hardware, etc., met yesterday in secret session, in the rooms of the Importers and Grocers' Board of Trade, for the purpose of conferring as to the propriety of calling a public meeting of mercantile and other business men, to take action upon the railroad problem. The object of the proposed meeting will be to suggest measures for remedying the abuses which, they say, the railroad companies now inflict upon the community, and to limit their charges for freight, etc.

NEW YORK, June 15.—The Herald to-day publishes an interview with Prof. John Wise, who proposes to cross the Atlantic in a balloon. The Prof. was to have started from Boston, but owing to its recent fire and sudden contraction of its currency, he comes to New York. It will require ten thousand dollars to put the scheme upon a sure foundation, and the Professor thinks he has already found, or will find, men who will champion his cause. The Professor says if the money is supplied, the expedition could start this season, as six weeks would be amply sufficient to build a balloon and equip the entire apparatus.

The balloon itself will be globular in shape, and one hundred feet in diameter. It is of ample size to cross the ocean, and one of one hundred and fifty feet would be sufficiently large for the purpose of circumnavigating the globe. In a balloon of one hundred feet in diameter, the Prof. could take 10,000 pounds of disposable ballast. In a trans-Atlantic trip a great deal of this would be in ship provisions, cooked and canned meats, and fruits; a large quantity of quick lime would be taken, and it could be used for warming coffee and boiling eggs.

In order to determine the location of the balloon the Prof. could take observations from the sun with a sextant; he could also employ a chronometer and a barometer, and take reckonings three times a day. The Professor also states that if no other means offered for ascertaining the direction of the balloon he could have along with him percussion fire balls, which, when thrown on the sea, will ignite, showing smoke in daylight, and light by night. The life-boat will be of metal, and decked over. He has thought of taking the little full-rigged vessel, Red, White and Blue, as she weighs only 1,500 pounds.

NEW YORK, June 13.—The excitement over the alleged corner in cotton continued to-day at the Exchange.—Groups of excited dealers were scattered over the floor, discussing the situation. The only rumored failures, up to the present time, are those of Cranshaw, of Pearl street, and several small brokers. Cranshaw loses heavily, both here and in Liverpool. The corner is attributed to a combination, the bad weather in the South and the scarcity of good cotton in market.

NASHVILLE, June 14.—Leading physicians are now, and have from the first been, divided among themselves on the question whether there has been one single real case of cholera in Nashville during the season. The mortality of the city has certainly increased for ten days, until four days ago, when it began to decrease. To-day is clear, and about as warm as might be expected, and the doctors report cases, of whatever nature, to be quite controlable. The average of deaths from the prevailing disease has been from twelve to fifteen, mainly among negroes.

ST. PETERSBURG, June 15.—The war office has received dispatches from Central Asia which report that the division of the expedition advancing on Khiva by way of the sea of Aral has made satisfactory progress. General Werewkin occupied Kungrad, one hundred miles north of Khiva, on the 20th of May. The Khivan forces had abandoned the place. The General continued his march along the line of the Oxus to Khojlti and Kunia Urgenj the enemy flying before him. The Aral flotilla had entered the bay of Arigar, the southern arm of the Sea of Aral, and sailed as far as Kungrad, where its progress was stopped by shallows. An effort would be made to reach Kizil-Kala, at the southern extremity of the bay, where a depot of supplies is to be established for the troops advancing under Gen. Werewkin.

MADRID, June 15., p. m.—Information has just reached this city of an important victory which has been gained by General Nauvillas, commanding the Government troops, over the Carlists under Gen. Dorregaray, near Vittoria, the capitol of the Province of Alava, twenty-nine miles south of Bilbao.—After a severe engagement the Carlists were finally routed with heavy loss, three hundred being killed and a large number wounded. Seven hundred prisoners were captured by Government troops, besides a considerable quantity of arms and military stores. The news of the battle has caused great excitement in the Capital.

PARIS AND DECATUR RAILROAD.

New Through Route to the East.

No change of Cars between Decatur and Indianapolis.

—o—

ON AND AFTER MAY 25, 1873, the Day Express will leave Decatur at 10.00 a. m., running through to Indianapolis without change of cars, arriving at the latter city at 5:40 p. m., making direct and close connection with trains for

CINCINNATI,
LOUISVILLE,
COLUMBUS,
CLEVELAND,

And all Eastern Cities, making as quick time with less changes than any other route. One of the splendid Palace Day Coaches,

"City of Paris," and "City of Arcola,"

Will leave on each Express train. These Coaches being the finest in the West, offer unequalled inducements to passengers going East or South.

Accommodation Trains

For Paris and the East,

Stopping at all way stations, leave Decatur at 2:35 p. m.; Day Express for Mattoon and intermediate stations, at 7:50 a. m.; Accommodation at 2:35 p. m., connecting at Mattoon with the I. & St. L. R. R., for all points East and West, and with the Ills. Cent. for points South.

THE ATTENTION OF

SHIPPERS!

Is respectfully called to our new Cincinnati and Baltimore freight lines. We claim to have far superior facilities for shipping freight to and from those points, as well as equal facilities for all other routes for New York, Boston, and all Eastern points.

Through rates and any information cheerfully given by our Agent, C. H. BROWN, at Ill. C. Depot.

The patronage of passengers and shippers is respectfully solicited.

Trains arrive from the East as follows:—Accommodation from Mattoon, at 9:25 a. m.; Accommodation from Paris, and Express from Mattoon, at 4:25 p. m.; Day Express, at 9:45 p. m. All trains start from and arrive at I. C. Depot, and stop going either way at our Depot on Main street.

We would be much obliged if our subscribers would inform the carrier at what particular place they desire their papers to be left.

Official City and County Paper.

CITY DEPARTMENT.

..The Mattoon Journal says that nature seems revived. We infer from this that she must have had a fainting turn. We trust that her recovery may be speedy and permanent.

..A fellow in soliciting a job at shoemaking, backed his application by saying that he had worked at the business five years. Upon being interrogated as to his boss was, replied, the warden of the penitentiary. His experience didn't help him much.

...A blessed old lady being asked if she ever had her ears pierced by the wail of distress, said she couldn't very well remember, but she believed it was done with a fork.

...An Irishman leaning against a lamp-post as a funeral procession was passing, was asked who was dead. "I can't exactly say, sir; but I presume it is the man in the coffin."

...A New York paper reports the death of a young man from eating too freely of ice cream when over heated. The Chicago Post, in noticing the event, has the impudence to inquire why he didn't wait 'till it cooled.

...A correspondent of the Bloomington Leader reports a fire at Leroy on Friday night, by which a large barn and hay sheds belonging to Mr. D. L. Moorehouse were entirely consumed; also forty-five bales of pressed hay, fifteen tons of loose hay, together with wagons, harness and two good horses. Aggregate loss, $2,500.

...A man in New Hampshire posted the following card on his house: "House for sail." A wag observing the card, inquired when the craft was to be launched.

...A Western paper has this delicate personal item: "Those who know nice old Mr. Wilson, of this place, personally, will regret to hear that he was assaulted in a brutal manner last week, but was not killed."

...An old lady who heard a fellow remark that his mind was made up, inquired whether the stitching was done by hand or with a machine.

..We noticed a heavy shower pass to the north of us last evening. The cloud was very black, indicating the presence of high wind. We presume we shall hear of some damage being done in that direction.

...Yesterday the weather was lovely from early morn up to the middle of the forenoon, when it grew intensely hot. In the afternoon the sun was scalding, and compelled people to seek their houses or shady places. In the evening a fresh breeze came down from the black cloud lying in the north, and cooled things off wonderfully.

...A Missouri farmer on being asked if raising hemp was a good business, replied "I can't say for sartin, but it's surely better than being raised by it." From the readiness and certainty with which the answer was given, we judge the old fellow must have tried both experiments.

...J. F. Miller, late of Macon, has established himself in the dry goods business at Clinton, in company with J. W. Oliver.—"Fletch." is a No. 1 business man, and will doubtless succeed in Clinton, as he richly deserves.

..The second case of The City vs. Kern, involving the cause of his arrest on Saturday evening, will be heard before Justice Misner this afternoon at 2 o'clock. A result will not be reached in time for our paper to day.

...Seventy eight theatres, museums and opera houses have been burned in this country during about the same number of years. A grave old deacon, who don't go much to theatres, thinks this is a part of the process of purifying the world by fire.

...J. F Roach has gone to Kentucky for a visit of three or four weeks. Mr. R. has been for some time in feeble health, and we trust that the change may restore him entirely.

...Clean your alleys. There is not a moment to lose. The filth scattered around is already breeding disease and death, and cannot be annihilated too soon.

...Is there no law against selling stale and wilted vegetables? More cases of cholera morbus and kindred complaints originate in the use of stale vegetables than in any other one cause.

...Frank Jack returned on Saturday from a two weeks visit to the scenes of his youth in Pennsylvania. It will be remembered that on his way east he fell asleep in the cars and was carried past Fort Wayne. For fear of a similar accident he kept awake during the balance of his visit, which accounts for his present sleepy condition.

. A lady who is not thoroughly posted in natural history asked a friend who was going away to bring her a couple of Mormons for her aquarium. She thinks they are some kind of an oyster.

...Terribly harrowing to the feeling—To have your room mate laboring under the hallucination that he is a natural singer.

Kern and the Police.—On Saturday Mr. Kern, the new dry goods man on the south side of the New Square, left his place of business for a short time and took his stand upon the street for the purpose of setting forth his plan of doing business, together with his grievances arising from the opposition he claimed he had met with from other dealers in town.

As he was gathering a larger crowd of people than was consistent with the peace and good order of the city—blockading the streets and sidewalks and subjecting pedestrians and carriages to considerable inconvenience, Marshal Haworth requested him to desist. This he declined to do, and the marshal took him into custody. He was taken before Justice Misner, and gave bonds to appear for trial on Monday.

In the evening he got upon a box in his store door way and again commenced haranguing the people, and soon had a large crowd gathered, completely blockading the street and sidewalk in front of his store. The police made several unsuccessful attempts to keep a space clear that would allow pedestrians to pass upon the walk, but finding it impossible to do so Marshal Haworth requested him to get down and stop his noise. Upon his refusing to comply with the request of the officer, the marshal again took him into custody, and after a short scuffle took him from the store, and with the assistance of some of the other officers started for the calaboose, followed by an excited crowd of men and boys, some calling out "hang him," and others "take him away from them."

They finally succeeded in getting him to the calaboose and put him under lock and key, where he remained until about eleven o'clock, when he gave bail to appear before the justice on Monday, and was released. The excitement at one time was intense, and it was feared that pistols or other weapons might be used, but happily the affair passed off without blood shed. We shall give the result of the trial to-day if it is reached in time for us to do so.

The Churches Yesterday.—The pleasant morning brought out full congregations at all the churches, but in the evening the menacing clouds interferred somewhat with church going.

In the morning at the First Methodist Church Rev. N. P. Heath preached an able sermon from John 1, 1—6 inclusive. In his opening remarks he assured his congregation that his sermon should not be as long in proportion as his text.

At Stapp's Chapel in the evening Rev. Dr. Stevenson preached, as he had previously announced, upon the subject of Suicide, taking for his text the words "Thou shalt not kill." He maintained that this command was just as certainly violated by the suicide as by the murderer. Gave some of the causes which lead to the commission of the act, arguing that some of these causes and the reasonings which they involve are such as indicate a sane mind, and explode the theory so generally accepted that all suicides are insane.

These are the only sermons of which we have any report. So far as we know the other pulpits were filled by their regular pastors, and as before stated the congregations were generally large.

Decapitation.—Last Saturday, as the passenger train coming west reached the Vermillion Bridge at Danville, the engineer observed two men climbing about in the trestle work. He slackened the speed of the train, but just as he approached the place where they were one of them raised himself above the level of the bridge and deliberately laid his neck upon the rail. It was then too late to stop, and the wheels passed over the unfortunate man's neck, completely severing the head from the body, the former falling into the river and the latter catching in the frame work of the bridge. The train was then stopped and the other man interrogated, from whom it was ascertained that the deceased lived somewhere east of Danville, and that both were under the influence of liquor to such a degree that they had been crawling about the bridge without any apparent purpose.

Shooting Affray in Springfield.—The *State Journal* of this date brings intelligence of a shooting affray which occurred in that city on Saturday, resulting in both murder and suicide. The parties to this fatal affray were one Taylor, a man of mixed blood (Indian and negro), and a colored man by the name of Brown. It seems that these parties were engaged in a quarrel, when Taylor shot Brown in the breast with a shot-gun, killing him instantly. Taylor then fled to the fields, with a double-barreled shot gun in his hand, and discovering the officers in pursuit of him, and seeing that escape was impossible, he loaned over the muzzle of his gun and fired, sending the contents through his body in the region of the heart. He lived three or four hours and was conscious to the last, making a confession to the Coroner under oath, and giving his reason for committing the bloody deed.

Case Dismissed.—The case of the City against Kern was brought before Esq. Misner this morning, City Attorney Buckingham, Major Nelson and C. A. Ewing appearing for the City, and A. B. Bunn for the defendant. The defendant's counsel moved that the case be dismissed, for the reason that the warrant had been changed subsequent to the arrest without the knowledge of the defendant. The court held the motion good, dismissed the case, and discharged the prisoner.

ANOTHER WARRANT.—At 2:30 o clock this afternoon, another warrant was served upon Mr. Kern, arresting him for violating an ordinance relative to obstructing sidewalks.

Married, on the 15th inst., in this city, at the residence of the bride's uncle, on East Prairie street, by Rev. F. N. Ewing, Mr. WM. J. ROSHICK and Miss ALBERTINE BUZINE.

A Valuable Present.—We are under obligations to Gen. I. C. Pugh, for a file of the Springfield Journal during the legislative session of 1865. The file will prove to be quite a valuable acquisition to our library.

A Very Serious Accident.—John Maggart, living on West Main Street, while engaged this morning in coupling cars on the T. W. & W. R. R. was caught between two cars, breaking his collar bone in several places, and otherwise injuring his shoulder very seriously.

Died, suddenly, this morning, from inflammation of the bowels, JOHN SMALLWOOD, grand-son of Noah Carmean, and adopted son of John H. and Margareth Bolte. The funeral will take place to-morrow at 3 p. m., from their residence on South Broadway, No. 29.

Friends and relatives of the family are invited to attend.

...A trio of young gentlemen of our city musically inclined, started out a few nights since to serenade the lady of their adoration, but taking too long to tune up after they had got into position, were mistaken by the proprietor of the house for burglars and pursued with a stuffed club. They have passed resolutions never to serenade another young lady without first tipping the wink to her father.

Dan Brenneman is in a perfect perspiration over the approaching opening of his new sample room. He proposes to leave no stone unturned, provided the turning thereof would add in the least to the grandeur of the occasion. It will certainly be a brilliant affair.

Harper's Magazine

Notices of the Press

The ever-increasing circulation of this excellent monthly proves its continued adaptation to popular desires and needs.—Indeed when we think into how many homes it penetrates every month, we must consider it as one of the educators as well as entertainers of the public mind, for its vast popularity has been won by no appeal to stupid prejudice or depraved tastes.—*Boston Globe.*

The character which this *Magazine* possesses for variety, enterprise, artistic wealth and literary culture that has kept pace with if it has not led the times, should cause its conductors to regard it with justifiable complacency. It also entitles them to a great claim upon the public gratitude. The *Magazine* has done good and not evil all the days of its life.—*Brooklyn Eagle.*

Ayer's
Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping-Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attacks of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

For Sight is Priceless!

The Diamond Glasses,

MANUFACTURED BY

J. E. Spencer & Co., N. Y.,

Which are now offered to the public, are pronounced by all the celebrated Opticians of the world to be the **MOST PERFECT**, natural, artificial help to the human eye ever known

They are ground under their own supervision, from minute Crystal Pebbles, melted together, and derive their name, "Diamond," on account of their hardness and brilliancy.

THE SCIENTIFIC PRINCIPLE on which they are constructed brings the core or centre of the lens directly in front of the eye, producing a clear and distinct vision as in the natural, healthy sight, and preventing all unpleasant sensations, such as glimmering and wavering of sight, dizziness, &c., peculiar to all others in use.

They are mounted in the finest manner in frames of the best quality, of all materials used for that purpose.

MILLIONS Bear Testimony to their Wonderful Curative Effects.

They are not a vile **Fancy Drink**, Made of Poor Rum, Whiskey, Proof Spirits and Refuse Liquors doctored, spiced and sweetened to please the taste, called "Tonics," "Appetizers," "Restorers," &c., that lead the tippler on to drunkenness and ruin, but are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the **GREAT BLOOD PURIFIER** and **A LIFE GIVING PRINCIPLE**, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing, also, the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid Liver and Bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

FOR SKIN DISEASES, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ring Worms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters. One bottle in such cases will convince the most incredulous of their curative effects.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul and your feelings will tell you when. Keep the blood pure and the health of the system will follow.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. Says a distinguished physiologist, there is scarcely an individual upon the face of the earth whose body is exempt from the presence of worms. It is not upon the healthy elements of the body that worms exist, but upon the diseased humors and slimy deposits that breed these living monsters of disease. No System of Medicine, no vermifuges, no anthelmintics will free the system from worms like these Bitters.

Ayer's
Hair Vigor

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous, and injurious to the hair, the Vigor can only benefit, but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume

Ayer's
Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities or diseases that have lurked in the system for years soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula**, and all scrofulous diseases, **Ulcers, Eruptions**, and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm**, and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhœa**, when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life
